

What men are saying about On Target Institute

"OTI has been a tremendous experience for me. In fact, it has changed my life. As a result of this weekly get-together, I'm now regularly in the Word, praying daily and enjoying a closeness to God that I never knew before. Even my wife says she has seen the change. Every man should be involved with a group like this."
—C.T. Palmer Lake

"OTI has given me an opportunity to discuss with others issues that Christian men wrestle with. It is a light to my path in leading me to the Spirit-led life rather than the flesh-led life I have been living. Vince's teaching really hits home where we all live."
—J.L. Colorado Springs

"I have lived in many cities over the years and have been in a constant search for a men's group where the Spirit is truly present. OTI has met that need. In just a short time, the impact on my life has been immeasurable. In addition to the fellowship with a trusted group of caring men, I have returned to daily Scripture reading and study. My walk with Christ is maturing."
—S.R. Monument

"I was introduced to Vince and OTI by a good friend. I'm already a fierce Bible student and Christian—and attend three other Bible classes each week. I joined OTI anyway and met a great man at my table group. We became friends, and I found out that he has borne the same problem I have been carrying for years. He wept, gave me his innermost thoughts, along with his prayerful solution to the situation. I feel as though a giant weight has been lifted. OTI Gathering has made a great difference in my life."
—J.F. Colorado Springs

"I have been involved in several men's groups, from small accountability groups to studies of 200-plus. The distinctive blessing I receive at OTI is twofold: First, the short lesson helps give direction and focus. Second, the small group discussion afterwards develops relationships that encourage growth in the Lord. But most of all, I love being in the company of men with a heart for God."
—S.W. Colorado Springs

"I had fallen into a state of complacency with my spiritual walk and couldn't seem to get back on track with the Lord—until I got involved with the men at OTI. The group has given me hope and a renewed spirit."
—P.D. Monument

"OTI has become a highlight of my week. The time with the men, studying God's Word, and helping each other grow through prayer, accountability and concern has helped me stay focused on my personal pursuit of God through Jesus. It is helping me to know and understand what a man of integrity—a godly man—really is."
—B.M. Monument

"OTI has become the high point of my week. Even though I must travel 25 miles to reach it, OTI offers something I can't find in church or in smaller accountability groups. Here I encounter men from all walks of life who are struggling with the same temptations that I am. The group provides a structure through which God helps us overcome and gain lasting victory. I am also thankful for OTI because I can bring friends who are seeking the Lord but have not yet found Him. At OTI not only will they find Jesus, they will get to know Him in a deep meaningful way."
—D.S. Colorado Springs

"The short time that I have been associated with OTI has changed my life dramatically. Not only have I accepted Christ as my savior and asked for His help in my life, but I have found fellowship with other men that I have not ever known before. I'm sharing things with these men that I have never shared with anyone before, and I really feel they are listening. Even more important is that they are sharing with me and I'm listening. God Bless."
—P.D. Monument

"OTI has saved my life and my faith. You see, since I joined OTI, I have faced incredible trials and tribulations. First, I lost my job. Then two weeks later, on Father's Day, I lost my best friend to cancer. A few weeks after that, my wife told me she wanted to separate. And then, shortly thereafter she sent my oldest son away from Colorado to live with her sister in Michigan. I know many men, brothers in the Lord, who having gone through any one of these circumstances and have raised their fist to God, saying, 'If You are real, then how could You let this happen to me?' Yet, through OTI I've come to understand that God is real, and that He walks through the pain of every circumstance with me, and His heart is as broken and suffers just as much as my own. I have learned to press in to God through everything. To seek Him more, to love Him more, to honor Him more—and He has given me peace to endure. Thanks, Vince, for OTI. And thank you to all the guys in my group. And thank you, God, for giving me a way through!"

On Target Institute is an intervention process that hit me like a freight train. Then it worked on my heart and changed my life in ways I didn't know was possible. It did for me what my father always wanted to do, but didn't know how."

A Ministry of On Target Ministries

Vision:

Develop men who are authentic, fully devoted followers of Christ (DISCIPLES) who will Live A Life That Demands An Explanation. Men who:

- 1. Are living in intimacy with God*
- 2. Have embraced how God has wired them uniquely*
- 3. Are living out God's purpose for their lives*
- 4. Are actively reproducing the above in their families and others*

Our Promise:

It has been said that *If you do not know where you are going...any road will take you there.*

Sadly today many men find themselves traveling endless roads with no end in sight. There is a prevailing lack of *real* vision and purpose.

The result is a growing number of men who find themselves confused about their roles at home, unhappy and frustrated at work and in a desperate search for answers about the meaning of life.

At **OTI** we believe that the best way to turn this around is to help men through a process that will help them to grow and become the man that God intended. A man who is significant...a man of character.

Not unlike a greenhouse, there needs to be specific elements in place in order to ensure this kind of growth. They are:

- Bible centered, practical and process driven teaching (learning)
- Meaningful, loving and accountable relationships (processing)
- Opportunities to use and exercise *natural* and *spiritual* gifts (application)

Our Plan:

To create an environment where:

- Men will experience significant personal growth through Christ centered, strategic and process driven *teaching*
- Meaningful *fellowship* will lead to accountable relationships and long lasting friendships
- Open discussion of each weeks lesson will lead to practical application of the principles learned

Our Promise:

Through the study of God's Word, fellowship with other men and the discovery of practical life-application principles you will become a man who:

- Develops a more intimate understanding of and relationship with God
- Is a Godly and sensitive husband and father at home
- Discovers how to live a life of character at work
- Regularly uses his God-given gifts to serve others and advance God's kingdom
