

OTI MOT Curriculum Review Module (5)

The following list represents some of the areas we have covered at *On Target Institute* for Module 4. The following exercise will help you better understand how you are progressing in your spiritual journey.

On a scale of 1-5 rate how you think you are doing in each of the categories listed below. A low rating means you are still struggling and would like to ask for more input and prayer. A high number means you are satisfied with your progress or do not struggle in that area.

When completed take the one or two areas that you would like to commit to change and transfer that information to the attached commitment form. Write your specific commitment in the space provided and share your need for prayer with the men in your group.
